Ring wants to help reduce crime and increase safety in Monroe County

Ring is excited to propose a solution to the Monroe County Sheriff's Office (Agency), referred throughout this document as MCSO, to help reduce crime and assist with investigations in your community.

Program Description

This program will provide MCSO access to the Ring Neighborhoods platform to communicate with Ring Neighbors, view Neighbor supplied video, determine general camera density/location and encourage community engagement as we work together to make Monroe County neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood. There are already more than a thousand users Monroe County residents using the app.
- As part of the program, MCSO may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, MCSO and Ring may work together to offer subsidized Ring cameras to select parts of Monroe County.

Responsibilities

Ring Will:

- Make the Ring app available to Monroe County residents free of charge.
- Make the Ring Neighborhoods portal available to MCSO, free of charge, including support and training for MCSO employees.
- Work with MCSO to obtain MCSO data/call logs and publish the relevant incidents in the app based on terms agreed with MCSO.
- Subsidize the purchase of Ring cameras by Monroe County residents as part of a subsidy program. Ring will match MCSO's subsidy at the \$100 level (\$50 each) on programs up to \$50,000.

MCSO will:

- Engage the Monroe County community with outreach efforts on the platform to encourage adoption of the platform/app.
- Maintain appropriate access controls for MCSO personnel to use the Ring Neighborhood Police portal.
- Make data related to MCSO incidents/call logs available to Ring on a mutually agreed upon basis.
- Have the option, but no obligation, to participate in a subsidized camera program.

Term

MCSO's participation in the program shall commence upon MCSO's acceptance of these program terms. Either party may terminate MCSO's participation in the program at any time upon providing written notice to the other party. The Ring Neighborhoods Portal will be available to MCSO by April 26th, 2018.

Press Release

The parties shall agree to a joint press release to be mutually agreed upon by the parties.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to MCSO without the prior consent of the owner. MCSO agrees not to use the Ring Neighborhoods Police Portal other than as expressly authorized by Ring and other than in connection with bona fide MCSO work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Ring app and Neighborhoods Police Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.
